OUR BLUE RIBBON CHAMPION PLAN

OFFERS THE FOLLOWING PERKS:

21-POINT COOLING TUNE-UP

1. Check thermostat for proper operation
2. Inspect indoor coil, if accessible
3. Measure amperage and voltage of blower motor for proper operation
4. Inspect blower wheel for cleanliness
5. Inspect bearings for wear
6. Confirm proper return air and size
7. Inspect filter cleanliness
8. Inspect float switches for proper operation
9. Clear condensate drain of debris
10. Measure supply/return temperature differential
11. Inspect ductwork for energy loss
12. Monitor refrigerant pressures
13. Monitor compressor, measure amperage and volt draw and wiring connections
14. Inspect electrical disconnect box for proper rating and safe installation
15. Inspect and tighten electrical connections
16. Test/inspect contactor for burnt or pitted contacts
17. Inspect and test capacitor
18. Inspect all fittings for signs of oil and/or leakage
19. Check suction line insulation
20. Clean condenser coil and remove debris
21. Check for level condenser

21-POINT HEATING TUNE-UP

1. Clean and check gas burners
2. Check flame baffle or ribbons
3. Inspect gas valve and piping
4. Test and adjust gas pressure
5. Test for gas leaks
6. Check fan control
7. Insure pilot safety/ thermocouple/spark ignition is operating properly
8. Inspect combustion chamber
9. Measure supply/return temperature differential
10. Inspect and tighten electrical connections
11. Check air filter
12. Check equipment and ventilation space
13. Inspect flue and venting
14. Measure voltage and amperage on motors
15. Check safety interlock switch
16. Perform carbon monoxide test
17. Inspect ductwork
18. Clean flame sensor
19. Test flame roll out switches
20. Test draft blower motor
21. Perform full operation test

BE A CHAMPION!

GAIN BIG BENEFITS!

JOINING OUR CLUB MEANS YOU ALWAYS GET TREATED LIKE A CHAMP.

Benefits include the following:

- 10% discount on repairs
- Bi-annual tune-ups
- Priority scheduling
- Lower utility bills
- Extended lifetime of equipment
- Fewer repairs
- Improved capacity
- Schedule reminders
- No diagnostic fee
- Loyalty replacement rewards program

We agree to provide you with a complete precision tune-up and professional cleaning bi-annually for your heating and air conditioning equipment. Studies show that a well maintained HVAC system not only saves homeowners up to **\$400 per year** in electricity bills, but also significantly lengthens the life expectancy of your system.
